Advocating for Equality and Dignity

We believe that being a lender is about so much more than just providing money - it's about enabling our clients to embrace a better tomorrow by providing the dignity and funds they deserve today, and at a time when many are at their most vulnerable.

"JustFund was the only reason I was able to get to the end of my divorce settlement with the legal cover I needed. Their fees are more than acceptable. I highly recommend JustFund both for their financial assistance and customer relations."

Kathy, Victoria

"JustFund is very easy to deal with and has a quick application process. This type of funding in these situations is great, since it keeps your legal matter moving forward and takes the financial burden off day to day living."

Andy, NSW

"JustFund was understanding and helpful when I was at a very vulnerable time in my life. The application process was easy and with the funding I received I was able to participate in mediation and achieve a favourable outcome. I would highly recommend JustFund."

Frequently Asked Questions

When do I apply?

You can **apply at any stage** in your separation process, including at the very outset. You can also apply if you have unpaid legal bills and would like to access funds to support their payment.

What family law matters are eligible?

JustFund will provide a line of credit to individuals negotiating a property split as part of their separation. This can include parenting matters if it is connected to, or being run alongside, a property split.

How is eligibility assessed?

To understand if you are eligible, we consider the amount of funding required relative to the amount you are likely to receive from your property split. What's most important to us is that you will retain your fair share of the family asset pool to ensure your future financial security.

Is my credit score affected?

No - we only perform a "soft" credit check, which does not impact your credit score. The soft check will be noted on your credit report but has no effect on your overall score.

Do you take security?

We're different from most lenders because taking security isn't always a requirement. Instead, we assess security requirements on a case-by-case basis. That means our funding can still be provided if clients are not on a property title. However, in many cases it may be necessary to take security over property where a client is registered on the title.

Do I need a solicitor?

You are welcome to apply to understand if you might be eligible for funding. However, we can only establish a line of credit once you have selected an accredited lawyer to act for you on your family law matter. If you don't have a lawyer, we can always help you find one from our large, national network of family law firms.

Frequently Asked Questions

What are the fees?

Helpfully, you will not pay any fees or interest out-of-pocket until you receive your settlement. Any applicable fees and charges are added to your account and repaid as a lump sum upon settlement of your separation. Once approved your line of credit is subject to the following:

-  **Assessment & Administration Fee** - this covers our costs to establish the line of credit and conduct a full legal merits assessment based on your unique circumstances.
-  **Monthly Fee** - this covers our costs of monitoring your case, liaising with your lawyer and processing invoice payments on your behalf.
-  **Interest** - variable rate based on the total funds drawn calculated from the date of the funding agreement.

For current fees and interest rates please check our website or contact us on 1300 644 980 for more information.
